

DIAMOND CUTTER™

Model No. 114
Single Frame
2 Prophylactic Reeds
1 Latex Reed
Inverted Diamond Cut

The Diamond Cutter™ is part of our "Diamond Cut" Series™. Two of the reeds are made of a super-thin prophylactic material. The third reed is an ultra-thin latex material with an inverted diamond cut making this call, perfect for raspy yelps, clucks, cuts and cackles. It also makes great gobbler kee kee runs. A super loud cutter call!

IMPORTANT: Please read all instructions and warnings before using this product to ensure safe and proper use.

INSTRUCTIONS & EXERCISES

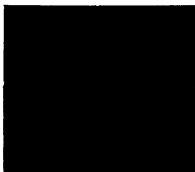

Put the call in the middle of your mouth with:

1. Front of call facing out. The notch goes to the right ensuring that the short reed is down when using a multiple reed call.
2. Tongue should be 1/4" to 1/2" past the reeds. Try different tongue positions for different sounds.
3. Press your tongue against the call to seal it in the middle of the roof of your mouth.

EXERCISES: Take a breath of air forcing it between your tongue and the reeds. You should make a squeaking sound.

1. **Cluck** - Say, "plock" sharply. Note, the "p" is formed with your lips when you do this.
2. **Yelp** - Say, "cholk, cholk, cholk" while trying different mouth positions and rhythms.
3. **Cutting** - Say, "pot, pot, pot". The lips come together for each cut.
4. **Purr** - Vibrate your vocal cords similar to gargling. Vibrate your lips or flutter your tongue. The air comes across the reeds producing a very soft, controlled vibration.
5. **Cackling** - Say, "kit kit, cat cat cat cat, cholk cholk cholk". This call is easily achieved when the jaw is used to set the tempo and rhythm.
6. **Kee Kee** - Say, "pee pee pee". Make a high note, starting and stopping the flow of air with your lips.
7. **Kee Kee Run** - Say, "pee pee, cholk".

WARNING: Primos® game calls are so accurate that you might attract other hunters as well as game. The user of this product assumes all risk of injury in association with the use of this product.

LATEX WARNING: Mouth diaphragm calls contain natural rubber latex which may cause allergic reactions. Mouth diaphragm calls can cause choking if swallowed.
